ABOUT ME

Creative Front-End Developer offering 9+ years of experience providing high-impact web solutions for diverse industry organizations. Over the past 9 years, as a Front-end Developer, I have designed, developed, and launched customized, highly responsive websites and e-commerce solutions using advanced technologies. In addition, I have consistently met client expectations and project milestones while working effectively in deadline-driven environments. Skilled and experience in designing and developing user interfaces, testing multiple web-based applications, debugging, and training staff within eCommerce technologies. Aspiring to combine broad background with strong technical skills to excel as a Front-End Developer.
